

About CSR Report 2011

In the past, we have published a comprehensive, detailed report on the Mitsui Chemicals Group's CSR activities via our website, accompanied by an abridged printed version summarizing the key points from the online report.

In an effort to provide our stakeholders with the very latest information, and to make our CSR report more accessible, this year we have altered the roles performed by our online and printed reports.

Website

<http://www.mitsuichem.com/index.htm>

We will be posting the full version of the Mitsui Chemicals Group's CSR Report on our website, to provide comprehensive and detailed content. We have also edited our report with the aim of making it more varied, readable, and accessible. We encourage readers to access the website to learn more about our extensive CSR activities here at the Mitsui Chemicals Group.

The main areas covered in this year's report are as follows.

- | | |
|---|---|
| 1 CSR Management | CSR at the Mitsui Chemicals Group, Management Framework |
| 2 Responsible Care (RC) | Occupational Health and Safety, Process Safety and Disaster Prevention, Environmental Protection, Chemical Management, Quality, Logistics, and RC Promotion System |
| 3 Communication with Society | Working with our Customers, Working with our Suppliers, Working with our Shareholders, Working with our Employees, Working with Industry and Academia, Working with Local Communities, Social Contribution Activities |
| 4 Feedback from Inside and Outside the Company | Results of CSR Report 2010 Survey, Third-Party Comments Regarding CSR Report 2011 |

Printed version

Rather than an abridged version of our online report, this year's printed version focuses on aspects of the Mitsui Chemicals Group's activities that people particularly want to read about. This includes a special feature on our frontline capabilities in the fields of manufacturing, sales and research, as part of our focus on the essence of manufacturing as a chemical manufacturer. We hope you enjoy reading it.

CSR Communication 2011: Contents

International Year of
CHEMISTRY
2011

Based on the theme "Chemistry – our life, our future," this year we will be organizing a range of awareness and promotional activities, with the aim of improving understanding of chemistry amongst members of the public, getting younger generations interested in chemistry, and helping chemists to make an enthusiastic contribution to a more creative future.
