

About Mitsui Chemicals

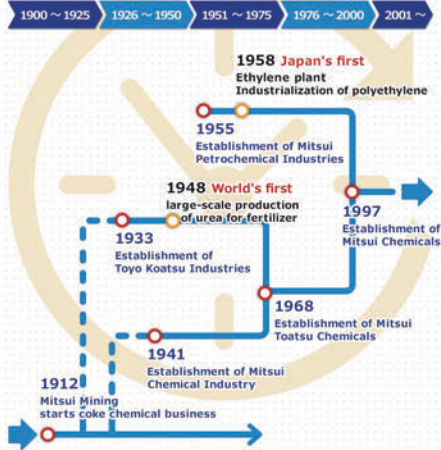

History

105 Years

For over a century, the Mitsui Chemicals Group has continued to grow and respond to changing needs of society.

We trace our roots back over a century to the Mitsui coal mines in Kyushu, Japan. We have continued to evolve with the times by providing products to support a better lifestyle for all.

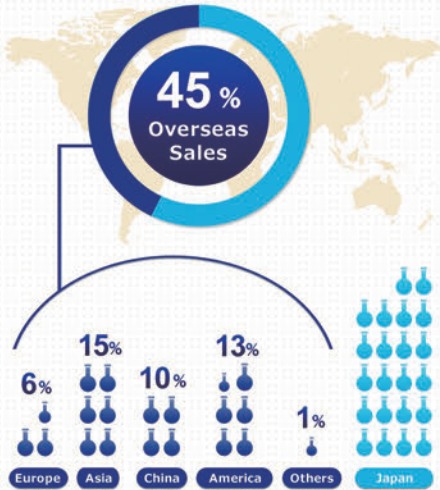

Overseas Sales

45%

To bolster our global presence, the Mitsui Chemicals Group has aggressively expanded its overseas business.

By fiscal 2015, our overseas sales that comprised 17% of total sales in fiscal 1997 grew to 45%.

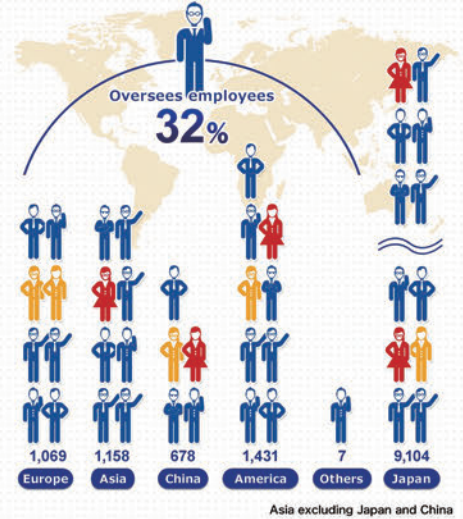

Employees

13,447

The Mitsui Chemicals Group believes in the power of diversity.

One of our strengths is our people. Working around the world at what they do good, our diverse team continues to do even better.

Operating Income Target

100 Billion Yen

Looking to the future, the Mitsui Chemicals Group sets its operating income target at 100 billion yen around 2020.

We are tirelessly working to develop solutions to major social issues facing humankind around the world by balancing economic, environmental, and social concerns while pursuing sustainability in harmony with society.

Target Portfolio

3+1 Business Domains

The Mitsui Chemicals Group will revolutionize its business portfolio to capitalize on its strengths.

We are targeting three business domains to drive growth while strengthening our basic materials such as commodity chemicals which are important in supporting society and industry.

Targeted Growth Drivers

Business Domains That Support Society And Industry
