Mitsui Chemicals, Inc.

Mitsui Chemicals Group to Exhibit at 31st Annual Meeting of the Japanese Society for Clinical Microbiology

Mitsui Chemicals, Inc. (Tokyo: 4183; President & CEO: Tsutomu Tannowa) will exhibit at the 31st Annual Meeting of the Japanese Society for Clinical Microbiology. The event is scheduled to be held over January 31 – February 2, 2020, at Ishikawa Ongakudo, Hotel Nikko Kanazawa and Kanazawa Art Hall.

Mitsui Chemicals is collaborating with University of Toyama (President: Shigeru Saito) in Japan to commercialize a new testing method (Tm Mapping) to rapidly identify the bacteria causing sepsis. At the exhibition, Mitsui Chemicals will showcase the PCR kit and its peripheral reagents with unique technologies.
